

2011 Walk Results

Nearly everyone who enters our walking event does so in the full spirit of what we have set out to achieve which is fun and fund raising, with no compromise on safety. Of course there is a competitive streak in some walkers and we are aware of the odd complaint suggesting some participants may run part of the course to improve their time! That said, we know our current course record held by David Harding to be genuine and thank him for entering our event with the spirit with which we intended. Course records are there to be improved upon - so please all come back and have a go next year!
